

Faranak Salajagheh

Internist

Contact Information

Email: f.salajeghe@kmu.ac.ir, salajeghehk@gmail.com

Tel: 03431328325

Fax: +983433222763

Address: Afzalipour Academic Center, Imam high way, Kerman, Iran, Post Code: 7616913911

Academic rank

Assistant Professor

School

Medicine
Department of Internal Medicine

Hospital

Afzalipour

Research center

Endocrinology and Metabolism Research Center, Clinical Research Development Unit, Afzalipour Hospital, Gastroenterology and Hepatology Research Center

About me

In addition to specialty field, my interests are in Tourism
My Main Research Areas: Pulmonary Diseases, Gastroenterology and Hepatology, Internal Medicine

Education

1. MD

MD Degree from Medical School, Kerman University of Medical Sciences (KUMS), Kerman, Iran, 1997-2005

2. Resident

Specialty Board of Internal Medicine, Kerman University of Medical Sciences (KUMS), Kerman, Iran, 2011-2015

Experiences

Scientific Position

Teaching

1. Clinical and Theory training of Residents, Interns and Students in General Internal Department since 2016-Present
2. CPR Training Class for Residents, Interns and Students in General Internal Department since 2016-Present
3. Participating and Coordination weekly morning report sessions since 2016-Present
4. Participating weekly conferences of internal medicine department with CME (Continuing Medical Education) Certificates since 2016-Present
5. Physiopathology for undergraduate nutrition students since 2016-2017
6. Theory and practice of internal medicine for residents of family medicine since 2017-2020
7. Holding the Practical and Stationary Exam of Medical Students Since 2017

Thesis and Dissertations (as supervisor)

1. Study on frequency of sleep and eating disorders, skin hyperpigmentation and hair loss in patients recovered from COVID-19 pneumonia in Kerman Afzalipour Hospital in 2021
2. Prevalence of hyperglycemia in patients with Covid-19 who admitted to Kerman Afzalipour Hospital in 2021

Executive Position

1. Consultant Professor of Medical Students

Afzalipour Faculty of Medicine, Kerman University of Medical Sciences, 2016-Present

2. Technical officer of Afzalipour Hospital

Afzalipour Faculty of Medicine, Kerman University of Medical Sciences, 2021-Present

3. Responsible EDU Afzalipour Hospital

Afzalipour Faculty of Medicine, Kerman University of Medical Sciences, 2021-Present

4. Member of the Brain Death Committee

Afzalipour Faculty of Medicine, Kerman University of Medical Sciences, 2017-2021

5. Responsible for Semiology of Medical Students and Responsible for Lab Skills

Afzalipour Faculty of Medicine, Kerman University of Medical Sciences, 2017-2021

6. Deputy Executive of Afzalipour Hospital

Afzalipour Faculty of Medicine, Kerman University of Medical Sciences, 2022-Present

7. Responsible for Evaluating Internal Group Students

Afzalipour Faculty of Medicine, Kerman University of Medical Sciences, 2019-Present

8. Forensic Expert of the Province

Kerman University of Medical Sciences, 2021-Present

Research Projects

1. Investigating the role of clinical teaching on learning of motivational regulation strategies in medical students based on cognitive apprenticeship model In Kerman University of Medical Sciences in 1400-1401
2. Prevalence of hyperglycemia in patients with Covid-19 who admitted to Kerman Afzalipour Hospital in 2021
3. Study on frequency of sleep and eating disorders, skin hyperpigmentation and hair loss in patients recovered from COVID-19 pneumonia in Kerman Afzalipour Hospital in 2021
4. Investigation of the short-term complications of the COVID-19 vaccines in the health workers of Kerman University of medical science.

5. The Evaluation of effectiveness of betadine (Povidone-iodine) in one step and two step procedure in the treatment of patients with pleural effusion resistant to conventional treatments: a clinical trial
6. The assessment of frequency of confirmed DVT lower extremity and pulmonary embolism in hospitalized patients with Covid-19 at afzalipoor hospital in 6 months period
7. Evaluation of changes in pulmonary function and general health of patients recovering from Covid-19 disease admitted to Afzalipour Hospital in Kerman at three and six months after discharge
8. Evalution of the correlation of serum level of mycoplasma pneumoniae antibody and severity of disease in patients with Covid-19, referred to Afzalipoor hospital in Kerman 2020
9. Assessment of the Serum Level of Vitamin C and Zinc in Patients with Corona Virus 2019 Disease presented to Afzalipoor Hospital in Kerman in 1398-1399
10. Survival and Severity of Covid-19 in Patients who used Losartan for treating Chronic Hypertension and Referred to Kerman Referral Hospitals 2020

Memberships

1. **Department of Internal Medicine, Faculty of Medicine, Kerman University of Medical Sciences (KUMS), Kerman, Iran**

Activity Type: Individual Member

2010- Present

2. **Endocrinology and Metabolism Research Center, Afzalipour Hospital, Kerman University of Medical Sciences (KUMS), Kerman, Iran**

Activity Type: Individual Member

2010- Present

Workshops & Training Courses

- Workshop on Effective Interpersonal Communication Skills, 1131
- Workshop on Technology of Education, 1131
- Distance Workshop on Curriculum Planning in Medical Science Education, 1131
- Workshop on Clinical Education Methods, 1131
- Workshop on Clinical Reasoning Assessment, Scenario, Puzzle, SC, CRP and KF, 1131
- Training course on blood products, monitoring and control system of blood products (hemovigilance), 1131
- Training course on Research Methodology, 1139
- Total CME scores: 331392

Conference Proceedings

- Drug Reaction with eosinophilia and Systemic Symptoms (DRESS), January 1131
- Pulmonary Nocardiosis, January 1131
- HTN crisis in a young woman with fibromuscular dysplasia, January 1139
- Online training of CPR methods, Internal Medicine Department, 1131
- Training of knee examination and arthroscopy by video conferencing method, Internal Medicine Department, 1131
- Designing OSCE Hematology and Gastroenterology and Nephrology questions, Internal Medicine Department, 1131

Referees

1. Professor Mojgan Sanjari, Professor of Endocrinology & Metabolism Department of Internal Medicine, School of Medicine, Endocrinology and Metabolism Research Center, Afzalipour Hospital, Kerman University of Medical Sciences, Kerman University of Medical Sciences, Kerman, Iran
2. Associate Professor MohammadHossein Gozashti, Endocrinology & Metabolism Department of Internal Medicine, School of Medicine, Endocrinology and Metabolism Research Center, Afzalipour Hospital, Kerman University of Medical Sciences, Kerman University of Medical Sciences (KUMS), Kerman, Iran
3. Associate Professor Rostam Yazdani, Pulmonary Diseases, Department of Internal Medicine, School of Medicine, Afzalipour Hospital, Kerman University of Medical Sciences, Kerman, Iran
